I'm

Marketing and robotics enthusiast with experience in campaign support, content creation, and digital marketing. Skilled in hardware projects, social media management, and teamwork. Seeking a Marketing Intern role to apply creativity and research skills.

Education

Feb 2025–Jan2029

Birla Institute of Technology, Hyderabad

Hydrabad, India

BSc(Hons) in Computer Science

- **Relevant Coursework:** Equivalency for any prerequisites for a 4-year undergraduate programme.
- Advance Knowledge in AI & Machine Learning.

Experience

Sep 2018 – Dec 2022

Student Volunteer – Campus Events Committee

UP, India

Inter-school Event

- Helped organize student events, including orientation week and cultural festivals
- Coordinated with team members to manage logistics and setup.
- Gained experience in teamwork, time management, and event planning

Neura robotics

STEM - Student Exploring Robotics Innovation

I am a robotics enthusiast with a basic understanding of programming and electronics. I enjoy learning how robots work and have participated in small team projects using Arduino and sensors. I'm excited to grow my skills and contribute to real-world robotics solutions.

HTML, CSS

Dec 2024

Bengaluru, India

Self-Learning

Skilled in creating simple and responsive web pages using HTML, CSS, and basic JavaScript for adding interactivity. Creative mindset with a passion for designing and building things differently. Some basic Knowledge of **BOOTSTRAP**.

Projects

RC Car with robotics hand | Neura

- Designed and built an RC car with a robotic hand attachment for object pickup and movement.
- Controlled the car and robotic hand using a wireless remote and Arduino microcontroller.
- Used servo motors and sensors to operate the robotic hand with basic grip and release functions.

Manually Controlled Robotics Hand | Hardware

- Built a robotic hand prototype controlled manually using strings and pulleys.
- Designed finger joints using cardboard/plastic and connected them with flexible threads.
- Demonstrated basic finger movements by mimicking hand motion through mechanical control.

Skills

Marketing & Creative

Tools & Platforms

Programming & Technical

- Marketing Strategy (Beginner)
- Product Marketing
- Content Creation (Canva)
- Social Media Management
- Sketch Artist
- Designer

- Canva
- MS Office 365
- Google Suite (Docs, Sheets)
- Excel
- Google Arts
- Data Management Tools

- IoT
- HTML, CSS, JavaScript
- C, C++, Java, Python
- DBMS

Certifications

STEM Robotics Team Leader – Neura (2022)

Solution Architecture Job Simulation – Forage AWS (2024)
